PROFILE SUMMARY

Yifan Ma received her B.Sc. in Management Science from the University of Shanghai for Science and Technology (2018–2022) and her M.Sc. in Management Science from Shanghai University (2022–2024) as part of an integrated master's–Ph.D. programme. She is currently a Ph.D. candidate at the School of Management, Shanghai University, where her research focuses on group decision-making, consensus reaching, and robust optimisation. Her peer-reviewed publications appear in top-tier Q1 journals including Information Fusion, Applied Soft Computing, and Information Sciences. She has authored 7 publications with over 166 citations (h-index: 5, i10-index: 5), collaborating with 10 co-authors across two topic clusters. Supported by the China Scholarship Council (CSC) Fellowship (2025–2027), she is currently a visiting Ph.D. researcher at the University of Jaén, Spain. She has participated in academic conferences organised by the Chinese Society of Optimisation and has received multiple honours.

RESEARCH INTERESTS

Group decision-making; consensus models; robust and distributionally robust optimisation; uncertainty quantification. Prospective interests include integrating computational intelligence and machine learning with group decision-making problems.

EDUCATION

Shanghai University (SHU) — Ph.D. Candidate, Management Science and Engineering *Jun 2024 – Present*
Anticipated graduation: June 2027

Shanghai University (SHU) — M.Sc., Management Science and Engineering *Sep 2022 – Jun 2024*

University of Shanghai for Science and Technology (USST) — B.Sc., Management Science *Sep 2018 – Jun 2022*

WORKING PAPERS

- Failure modes and effect analysis for social networks: a risk-based feedback mechanism with distributionally robust consensus model.
- How to manage fairness and efficiency: a bi-objective consensus model with linear-quadratic costs.

CONFERENCE PRESENTATIONS & ACADEMIC ACTIVITIES

1. **6th Annual Academic Conference**, Intelligent Decision and Game Branch, Chinese Society of Optimisation, Overall Planning Law and Economic Mathematics. Hefei, May 2025. **Third Prize.**
2. **5th Annual Academic Conference**, Intelligent Decision and Game Branch, Chinese Society of Optimisation, Overall Planning Law and Economic Mathematics. Guilin, May 2024. **Third Prize.**
3. **Editor-in-Chief Forum on New Developments in Operations Research and Data Science**. Nanjing, December 2023. Participant.
4. **4th Annual Academic Conference**, Intelligent Decision and Game Branch, Chinese Society of Optimisation, Overall Planning and Economic Mathematics. Jinan, May 2023. Participant.

FUNDING & FELLOWSHIPS

- **China Scholarship Council (CSC) Fellowship**. Sep 2025 – Sep 2027.

AWARDS & HONOURS

- **Third Prize**, 6th Annual Academic Conference, Chinese Society of Optimisation. May 2025.
- **Third Prize**, 5th Annual Academic Conference, Chinese Society of Optimisation. May 2024.
- **Second Prize**, 17th "Challenge Cup" College Students' Extracurricular Academic Science and Technology Works Competition. Mar 2021.
- **Outstanding Student Award**, University of Shanghai for Science and Technology. Mar 2019.
- **Outstanding Volunteer**, 3rd Shanghai College Student Safety Knowledge Competition. Dec 2018.

Scholarships:

- First-class Scholarship, Shanghai University, 2024
- Second-class Scholarship, Shanghai University, 2023
- First-class Scholarship, University of Shanghai for Science and Technology, 2020
- Second-class Scholarship, University of Shanghai for Science and Technology, 2019 & 2020

SKILLS

- **Programming & Computation:** MATLAB, Python
- **Scientific Writing & Tools:** LaTeX, MS Office (Word, Excel, PowerPoint)
- **Languages:** Mandarin Chinese (native), English (professional)
